## Fort Heritage Precinct

You can experience history up close at the Fort Heritage Precinct through our three distinct areas. In chronological order we have: the *North West Mounted Police Fort* representing 1875 to 1885, the *Historic Village* (including Courthouse) representing 1902 to the late 1920s, and the *Warden's Residence* representing 1937.

Enjoy your walk through the historic village, Courthouse and North West Mounted Police (NWMP) Fort located on the banks of the North Saskatchewan River. Our site features heritage buildings (houses, school, Courthouse, Warden's Residence and more) in our Pioneer Village and historic reconstructions in our 1875-1885 NWMP Fort that will arouse your curiosity and inspire you to learn more about our history.

At the **Fort Heritage Precinct**, you can imagine yourself as a Constable climbing the stairs in the Fort's bastion or as a student in the 1902 Castle School. You can even live life as a settler in 1905, see how the town doctor lived in the 1930s and explore the heart of law and order at the 1909 Courthouse.
